## WELCOME TO EPRBIODOSE2026

---

The local organizing committee of the EPRBiodose2026 conference is pleased to present an in-person gathering in Ottawa, Canada, hosted by the International Association of Biological and EPR Radiation Dosimetry ([IABERD](#), a scientific non-profit association).

The aim of IABERD is to stimulate networking and coordinate biological and EPR radiation dosimetry activities around the world. The meeting will incorporate oral and poster presentations from the biological and EPR radiation dosimetry community. Our conference encompasses a wide range of topics, bridging the realms of EPR dosimetry, EPR dating, and biological dosimeters applied to ionizing radiation.

The scientific program will provide a balance between fundamental research and practical applications, showcasing new data and diagnostic strategies in the frame of the management of overexposures to ionizing radiation for a full spectrum of events including space travel.

On behalf of the Local Organizing Committee, I warmly invite you to join us for the EPRBioDose2026 conference of IABERD to be held in Ottawa, Ontario, Canada, from August 31<sup>st</sup> to September 3<sup>rd</sup>, 2026. We hope you will consider joining us as an exhibitor or by sponsoring an event (or both!). Your support is appreciated and will help make EPRBioDose2026 a success.

Please feel free to forward this package to your corporate colleagues who may be interested in exhibiting at or sponsoring EPRBioDose2026. Thank you for your consideration, and we hope to hear from you soon!

Ruth Wilkins  
Local Organizing Committee Chair, Ottawa, 2026
